Corporate Governance

The Corporation adheres to the principles and practices of good corporate governance, as embodied in its Corporate Governance Manual and related SEC Circulars. Continuous improvement and monitoring of policies have been undertaken to ensure that the Corporation observes good governance and management practices. This is to assure the shareholders that the Corporation conducts its business with the highest level of integrity, transparency and accountability.

The Board of Directors is elected during the annual meeting and has the overall responsibility to oversee the activities of the Company. The Board conducts itself with honesty and integrity to ensure a high standard of best practices on governance for the Company and to promote and protect the interest of the Company, its stockholders and other stakeholders.

The Company realizes its duty to protect the rights and benefits of shareholders and to place the importance on fair and equal treatment of shareholders. It is the Company's policy to disclose information with respect to business operation with accuracy and transparency, including any issues that could impact the Company's business and the rights in which shareholders and minority shareholders are entitled to, such as shareholders' participation in the shareholders' meeting to exercise their voting rights, the rights to receive dividend, or the rights to approve a decrease or an increase in capital, etc. The Board has similarly adopted a Corporate Governance Policy to ensure that the rights of its shareholders particularly those that belong to the minority or non-controlling group are respected and protected by adopting the principle of "one-share, one-vote", likewise by ensuring that all shareholders of the same class are treated equally with respect to voting rights, subscription rights and transfer rights and also by having an effective, secure and efficient voting system, and an effective shareholder voting mechanism to protect minority shareholders against actions of controlling

shareholders. The Board also provides all shareholders with the notice and agenda of the Annual Stockholders' Meeting (ASM) at least twenty (20) days before the meeting.

The Company also paid for registration fees for seminars which the Company's employees attended for continuing professional education such as Tax Seminar conducted by BIR, Disclosures Seminar by the Philippine Stock Exchange, Mandatory Continuing Legal Education and other seminars related with real estate development.

The Company submitted its Integrated Annual Corporate Governance Report (I-ACGR) on July 28, 2020 covering the year 2019.

As of Sept. 15, 2020, there are no known material deviations from the Company's Manual of Corporate governance.

Item 16. Matters Not Required to be Submitted

There is no action to be taken with respect to any matter which is not required to be submitted to a vote of security holders.

Item 17. Amendment of Charter, By-Laws & Other Documents

In accordance with the provisions of Rule 38 of the Securities Regulation Code (SRC), as amended, the Company on March 17, 2005, has amended its By-laws, to include provisions for the nomination and election of at least two (2) independent directors and provisions for the creation and functions of the Executive Committee, Audit Committee and Corporate Governance.

Item 18. Other Proposed Actions

The following are to be proposed for approval during the stockholders' meeting:

1. Approval of Minutes of the previous Stockholders' meeting
2. Presentation of the Annual Report and Audited Financial Statements for the calendar year 2019
3. Ratification of the acts of the Board of Directors and Management for 2019

7. Other Business.

Item 19. Voting Procedures

Article II, Section 5 (a.) and (b.) of the By-laws of the Corporation provides, as follows:

- (a) At each meeting of the stockholders, the holders of a majority of the issued outstanding capital stock of the Corporation having voting powers, who are present via remote communication, shall constitute a quorum for the transaction of business, except, where otherwise provided by the Corporation Code.
- (b) Unless otherwise provided by the Corporation Code, each stockholder shall at every meeting of the stockholders be entitled to one vote per person or by proxy, for each share with voting right held by such stockholder. At all meetings of the stockholder, all matters, except in cases where other provisions is made by the Corporation Code, shall be decided by the vote of stockholders representing majority of

the issued and outstanding capital stock present via remote communication and entitled to vote thereat, a quorum being present..

- (c) The holders of common stock are entitled to one vote per share, but in connection with the cumulative voting feature applicable to the election of directors, each stockholder is entitled to as many votes as shall equal the number of shares held by such person at the close of business on record date, multiplied by the number of directors to be elected. A stockholder may cast all of such votes for a single nominee or may apportion such votes among any two or more nominees. In all matters included in the agenda, except, the election of directors, the stockholders are entitled to one vote per share. For the election of directors, the counting will be cumulative. The counting of votes will be done by the Corporate Secretary with the assistance of the representatives of the Corporation's independent auditor Diaz, Murillo, Dalupan and Co. and Stock Transfer Agent, Banco de Oro Stock Transfer Agency. All votes attaching to the shares owned by stockholders whose proxies were received by the Corporation will be cast in accordance with the instructions given or authority granted under proxies.

Stockholders are given its opportunity to ask questions or clarifications every action before approval of any matter during meeting.

In compliance with SEC Memorandum Circular No. 6, Series of 2020, due to COVID-19 Global Pandemic, the Board of Directors of Philippine Estates Corporation has decided to conduct the annual stockholders' meeting via remote communication. Stockholders can only participate in the meeting by remote communication. Stockholders as of the Record Date who intend to participate or be represented in the meeting should register for the meeting by notifying the Corporation by email at corpsec.phes2020asm@gmail.com not later than 16 October 2020 (at 5:00P.M.) and shall first submit a copy of proof of identity, ownership and other certification/information for validation purposes and/or duly accomplished proxy instrument for a representative to the virtual meeting, if applicable. Stockholders as of the Record Date who are interested in casting their votes on any of the matters to be presented during the 2020 ASM must cast their votes on or before 23 October 2020 (at 5:00pm).

Votes may be cast only through online casting of votes/proxies on or before 23 October 2020 (at 5:00P.M.). Stockholders whose shareholdings are lodged with the Philippine Central Depository are reminded to secure a certification of your shareholdings from your respective stockbrokers.

Registered stockholders and confirmed proxies will receive the meeting link and password. Only stockholders who notified the Company of their intention to participate in the virtual meeting and have registered themselves or their proxies will be included in the determination of quorum.

We are not soliciting proxies.

Other Notes to Operations and Financials:

Analysis of material events and uncertainties known to management that would address the past and would have an impact on future operations:

- **Any known trends, demands, commitments, events or uncertainties that will have an impact on the issuer's liquidity;**

At present, the uncertainty that may have a material impact on sales is the economic situation. The seemingly improving economic situation has already translated into a significant buying mood for the real estate market. Overall, there are no contingencies that may affect future operations of the Company. In such eventuality, the resolution of this is dependent to a large extent, on the efficacy of the fiscal measures and other actions.

- **Any event that will trigger direct or contingent financial obligation that is material to the company, including any default or acceleration of an obligation;**

The Company sees no event that will trigger direct or contingent financial obligation that is material to the Company.

- **All material off-balance sheet transactions, arrangements, obligations (including contingent obligations), and other relationships of the company with unconsolidated entities or other persons created during reported period.**

The board of directors of the Company has authorized its management to pledge the Company's 12,500,000 shares of stock in Waterfront Manila Premier Development, Inc. to a consortium of banks, including but not limited to, China Development Bank and the Industrial and Commercial Bank of China, as security for loans the banks have extended to China First Highway Engineering Corporation.

- **Any material commitments for capital expenditures, the general purpose of such commitments and expected sources of funds of such expenditures.**

There were no material commitments for capital expenditures except those arising from the ordinary project development requirements. These are well within the regular cash flow budget coming from internally generated funds and short-term borrowings from banks and other financial institutions.

- **Any known trends, events or uncertainties (Material Impact on Sales)**

Due to Global Pandemic, there were significant material impacts on sales.

- **Any significant elements of income or loss (from continuing operations)**

There were no significant elements of income or loss (from continuing operations).

- **Seasonal aspects that had material effect on the financial condition or results of operation.**

Projects are launched at no particular time of the year depending on several factors such as completion of plans and permits and appropriate timing in terms of market condition and strategies. Development and construction works follow.

- **Internal and external sources of liquidity**

Collections from selling activities provide liquidity. Externally, the Company avails of credit lines offered by banks and other financial institution, private or government. The Company periodically reviews its capital structure and existing obligations.

UPON THE WRITTEN REQUEST OF A STOCKHOLDER, THE REGISTRANT UNDERTAKES TO FURNISH SAID STOCKHOLDER A COPY OF SEC FORM 17-A FREE OF CHARGE, EXCEPT FOR EXHIBITS ATTACHED THERETO WHICH SHALL BE CHARGED AT COST. ANY WRITTEN REQUEST FOR A COPY OF SEC FORM 17-A SHALL BE ADDRESSED AS FOLLOWS:

MANAGEMENT'S REPORT

(Note: Audited Financial Statement and Interim Financial Statement is hereto attached as Annex "A" and made as an integral part hereof.) Conglomerate map showing the relationship between parent company and its subsidiary

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies that have been used in the preparation of these consolidated financial statements are summarized below and in the succeeding pages. The policies have been consistently applied to all the years presented, unless otherwise stated.

Statement of Compliance

The consolidated financial statements of the Group have been prepared in accordance with Philippine Financial Reporting Standards (PFRS). The term PFRS in general includes all applicable PFRS, Philippine Accounting Standards (PAS) and Interpretations issued by the former Standing Interpretations Committee (SIC), the Philippine Interpretations Committee (PIC) and the International Financial Reporting Interpretations Committee (IFRIC), which have been approved by the Financial Reporting Standards Council (FRSC) and adopted by the SEC.

Basis of Preparation

The consolidated financial statements have been prepared on a historical cost basis except for financial assets at fair value through other comprehensive income (FVOCI) which has been measured at fair value. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique.

Functional and Presentation Currency

The consolidated financial statements are presented in Philippine peso (₱), the Group's functional currency. All amounts are rounded to the nearest peso except when otherwise indicated.

Basis of Consolidation

The consolidated financial statements incorporate the financial statements of the Parent Company and its subsidiary it controls. Control is achieved when the Parent Company has power over the investee, is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to use its power to affect its returns. The Parent Company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of these three elements of control.

When the Parent Company has less than a majority of the voting rights of an investee, it considers that it

has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Parent Company considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- the contractual arrangement with the other vote holders of the investee;
- rights arising from other contractual arrangements; and
- the Group’s voting rights and potential voting rights.

Consolidation of subsidiary begins when the Parent Company obtains control over the subsidiary and ceases when the Parent Company loses control of the subsidiary. Income and expenses of subsidiary acquired or disposed of during the year are included in the consolidated statements of comprehensive income from the date the Parent Company gains control until the date when the Parent Company ceases to control the subsidiary.

The financial statements of the subsidiary are prepared for the same reporting year, using accounting policies that are consistent with those of the Parent Company. Intra-group balances, transactions, income and expenses, and profits and losses resulting from intra-group transactions are eliminated in full in the consolidation.

Changes in the ownership interests in subsidiary that do not result in the loss of control are accounted for as equity transactions.

If the Parent Company loses control over its subsidiary, it derecognizes the related assets (including goodwill), liabilities, non-controlling interest and other components of equity while any resultant gain or loss is recognized in profit or loss.

Composition of the Group

Details of the Parent Company’s subsidiary as at December 31 are as follows:

	Percentage of ownership	
	2019	2018
Mariano Arroyo Development Corporation	100%	100%

The subsidiary’s registered office is at 35th Floor, One Corporate Center Doña Julia Vargas Avenue corner Meralco Avenue Ortigas Center, Pasig City.

Changes in Accounting Policies and Disclosures

The accounting policies adopted are consistent with those of the previous financial years except for the following new and amended PFRS that are mandatorily effective for annual periods beginning on or after January 1, 2019.

PFRS 16, Leases. This new standard introduces a single lessee accounting model to be applied to all leases, whilst substantially carries forward the lessor accounting requirements in PAS 17 *Leases*. Lessees recognize a right-of-use asset representing its right to use the underlying leased asset and a lease liability representing its obligation to make lease payments for all leases with a term of more than twelve (12) months, unless the underlying asset is of low value. Whereas, lessors continue to classify leases as operating leases or finance leases, and to account for those two types of leases differently. The standard is effective for annual periods beginning on or after January 1, 2019, with earlier application permitted for entities that apply PFRS 15 at or before the date of initial application of PFRS 16.

The Group adopted PFRS 16 using the modified retrospective approach, with recognition of transitional adjustments on deficit as at January 1, 2019, without restatement of comparative figures.

PFRS 16, Leases. This new standard introduces a single lessee accounting model to be applied to all leases, whilst substantially carries forward the lessor accounting requirements in PAS 17 *Leases*.

Lessees recognize a right-of-use asset representing its right to use the underlying leased asset and a lease liability representing its obligation to make lease payments for all leases with a term of more than twelve (12) months, unless the underlying asset is of low value. Whereas, lessors continue to classify leases as operating leases or finance leases, and to account for those two types of leases differently. The standard is effective for annual periods beginning on or after January 1, 2019, with earlier application permitted for entities that apply PFRS 15 at or before the date of initial application of PFRS 16. The adoption of the standard will result in recognition of an asset for the right to use the underlying asset over the lease term and a lease liability for the obligation to make lease payments in the statements of financial position. In addition, this will result in recognition of depreciation on the right-of-use asset and interest on lease liability in the statements of comprehensive income, and presentation of the total amount of cash paid into a principal portion and interest within financing activities in the statements of cash flows.

The Group adopted PFRS 16 using the modified retrospective approach, with recognition of transitional adjustments on deficit as at January 1, 2019, without restatement of comparative figures.

On initial application, the Group has elected to record right-of-use assets based on the corresponding lease liabilities. The Group elected to use the transition practical expedient to not reassess whether the contract is, or contains a lease as at January 1, 2019. Instead, the Group applied the standard only to contracts previously identified as leases applying PAS 17 and Philippine Interpretation IFRIC 4 at the date of initial application. Right-of-use assets and lease liabilities of ₱4,115,836 (with accumulated amortization of ₱1,409,686) and ₱2,805,171 respectively were recorded as at January 1, 2019, with ₱99,021 effect in deficit. When measuring lease liabilities, the Group discounted lease payments using its incremental borrowing rate as at January 1, 2019. The weighted average rate applied is 9.09%.

Reconciliation of operating lease commitment under PAS 17 as at December 31, 2018 and lease liability as at January 1, 2019 under PFRS 16 is as follows:

Operating lease commitments as at December 31, 2018 under PAS 17	₱4,024,397
Less: Commitments relating to short-term lease and low value-leases	577,710
<hr/>	
Operating lease commitments as at December 31, 2018 scoped-in under PFRS 16	3,446,687
Less: Amount of discount using single incremental borrowing rate as at January 1, 2019	(641,516)
<hr/>	
Lease liabilities as at January 1, 2019	₱2,805,171

PFRS 16, Leases supersedes the following standards and interpretations PAS 17, Leases, IFRIC 4, Determining whether an Arrangement contains a Lease, SIC-15, Operating Leases – Incentives, SIC – 27, Evaluating the Substance of Transactions Involving the Legal Form of a Lease.

PFRS 3 (Amendment), Business Combinations – Previously Held Interest in a Joint Operation. The amendment provides additional guidance to clarify that, when obtaining control of a business that is a joint operation, the acquirer applies the requirements for a business combination achieved in stages, including remeasuring its previously held interest in the joint operation at its acquisition-date fair value.

PFRS 11 (Amendment), Joint Arrangements – Previously Held Interest in a Joint Operation.

The amendment clarify that when an entity obtains joint control of a business that is a joint operation, the entity does not remeasure its previously held interests.

PAS 12 (Amendments), Income Taxes – Income Tax Consequences of Payments on Financial Instruments Classified as Equity. The amendments clarify that the income tax consequences of dividends are linked more directly to past transactions or events that generated distributable profits than to distributions to owners. Therefore, an entity shall recognize the income tax consequences of dividends in profit or loss, other comprehensive income or equity according to where the entity originally recognized those past transactions or events.

PAS 23 (Amendment), Borrowing Costs – Borrowing Costs Eligible for Capitalization. The amendments clarify that an entity treats as part of general borrowings any borrowing originally made to develop a qualifying asset when substantially all of the activities necessary to prepare that asset for its intended use or sale are complete.

The above improvements are effective for annual periods beginning on or after January 1, 2019, with earlier application permitted.

The above improvements have no significant impact on the disclosures and amounts recognized on the Group's consolidated financial statements.

PAS 19 (Amendments), Employee Benefits – Plan Amendment, Curtailment or Settlement. The amendments clarify that if a plan amendment, curtailment or settlement occurs, it is now mandatory that the current service cost and the net interest for the period after the remeasurement are determined using the assumptions used for the remeasurement. The amendment also clarifies how the requirements on accounting for a plan amendment, curtailment or settlement affect the asset ceiling requirements.

PAS 28 (Amendments), Investments in Associates and Joint Ventures – Long-term Interests in Associates and Joint Ventures. The amendments clarify that an entity applies PFRS 9 to long-term interests in an associate or joint venture that form part of the net investment in the associate or joint venture but to which the equity method is not applied.

PFRS 9 (Amendments), Financial Instruments – Prepayment Features with Negative Compensation. This addresses the concerns about how PFRS 9 classifies particular prepayable financial assets. The amendments also include clarifications to the accounting for a modification or exchange of a financial liability that does not result in derecognition.

The above amendments are effective for annual periods beginning on or after January 1, 2019, with earlier application permitted.

The amendments above will not have impact on the disclosures and amounts recognized on the Group's consolidated financial statements.

Philippine Interpretation IFRIC-23, Uncertainty over Income Tax Treatments. This interpretation addresses how to apply the recognition and measurement requirements of PAS 12 *Income Taxes* when there is uncertainty over income tax treatments. This interpretation is effective for annual periods beginning on or after January 1, 2019, with earlier application permitted.

The interpretation has no significant impact on the Group's consolidated financial statements.

New Accounting Standards, Interpretations and Amendments to Existing Standards Effective Subsequent to January 1, 2019

Standards issued but not yet effective up to the date of the Group's consolidated financial statements are listed below. This listing of standards and interpretations issued are those that the

Group reasonably expects to have an impact on disclosures, financial position or performance when applied at a future date. The Group intends to adopt these standards when they become effective.

PAS 1 (Amendments), Presentation of Financial Statements and PAS 8 (Amendment), Accounting Policies, Changes in Accounting Estimates and Errors – Definition of Material. The amendments clarify that information is material if omitting, misstating or obscuring it could reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements, which provide financial information about a specific reporting entity.

The amendments are effective for annual periods beginning on or after January 1, 2020, with earlier application permitted. The amendments will not have an impact on the disclosures and amounts recognized on the Group's consolidated financial statements.

PFRS 3 (Amendments), Business Combinations – Definition of a Business. The amendments clarify that to be considered a business, an acquired set of activities and assets must include, at a minimum, an input and a substantive process that together significantly contribute to the ability to create outputs. It narrows the definitions of a business and of outputs by focusing on goods and services provided to customers and by removing the reference to an ability to reduce costs. In addition, it provides guidance and illustrative examples to help entities assess whether a substantive process has been acquired and remove the assessment of whether market participants are capable of replacing any missing inputs or processes and continuing to produce outputs. The amendment also adds an optional concentration test that permits a simplified assessment of whether an acquired set of activities and assets is not a business.

The amendments are effective for annual periods beginning on or after January 1, 2020, with earlier application permitted. The amendments will not have an impact on the disclosures and amounts recognized on the Group's consolidated financial statements.

PFRS 17, Insurance Contracts. The new standard establishes principles for the recognition, measurement, presentation and disclosure of insurance contracts, including reinsurance contracts held and investment contracts with discretionary participation features issued. The objective of the standard is to ensure that entities provide relevant information in a way that faithfully represents those contracts. This information gives a basis for users of financial statements to assess the effect that contracts within the scope of the standard have on the entity's financial position, financial performance and cash flows. The standard is effective for annual periods beginning on or after January 1, 2021, with earlier application permitted. The standard will not have an impact on the disclosures and amounts recognized on the Company's consolidated financial statements.

The new standard will not have impact on the disclosures and amounts recognized on the Group's consolidated financial statements.

Deferred Effectivity

Philippine Interpretations Committee (PIC) updates on PFRS 15 implementation Issues. On August 27, 2019, the real estate industry sent a Position Paper to the PIC requesting the latter to revisit its position on certain issues relating to the adoption of PFRS 15 and some other industry issues. In line with this, the PIC issued two response letters to the Industry dated September 13 and 27, 2019.

While the PIC finalizes its position on the matters raised by the Industry, PIC has provided the following options for accounting treatment or financial statement presentation on the following:

- Conclusion of PIC Q&A No. 2018-12D Step 3, *Determining the Transaction Price for the Contract*, temporarily allows the recording for the difference between the consideration

received from the customers and the transferred goods or services to the customer as either contract asset, with disclosure required under PFRS 15 being complied, or as installment contracts receivables with disclosure requirements under PFRS 9 being followed. The Company retained its accounting policy of presenting the difference between the consideration received and transferred goods or services as contract asset with disclosure requirements under PFRS 15 being complied with.

- Conclusion of PIC Q&A No. 2018-12H, Accounting for Common Usage Service Area (CUSA), recommends the industry to consider an alternative presentation wherein CUSA may be presented outside of topline revenues if these are not considered as main source of revenue and are not material.

March 2019 IFRIC Agenda Decision on Over Time Transfer of Constructed Goods (PAS 23, Borrowing Cost) for the Real Estate Industry. In March 2019, the IFRIC issued an Agenda Decision clarifying the criteria for the capitalization of borrowing costs in relation to the construction of residential multi-unit real estate development which are sold to customers prior to the start of construction or completion of the development.

Paragraph 8 of PAS 23 allows the capitalization of borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset. Paragraph 5 of PAS 23 defines a qualifying asset as an asset that takes a substantial period of time to get ready for its intended use or sale. The IFRIC Agenda Decision clarified that the related assets namely, installment contracts receivable, contract asset or inventory, are not considered qualifying assets and therefore the corresponding borrowing cost may not be capitalized.

On February 11, 2020, the Philippine SEC issued Memorandum Circular No. 4, Series of 2020, providing relief to the real estate industry by deferring the mandatory implementation of the above IFRIC Agenda Decision until December 31, 2020. Effective January 1, 2021, real estate companies shall adopt the IFRIC Agenda Decision and any subsequent amendments thereto retrospectively or as the SEC will later prescribe. A real estate company may opt not to avail of the deferral and instead comply in full with the requirements of the IFRIC agenda decision.

For real estate companies that avail of the deferral, the SEC requires disclosure in the notes to the financial statements of the accounting policies applied, a discussion of the deferral of the subject implementation issues, and a qualitative discussion of the impact in the financial statements had the IFRIC agenda decision been adopted.

The Group opted to avail of the relief as provided by the SEC. Had the Group adopted the IFRIC agenda decision, borrowing costs capitalized to real estate inventories related to projects with preselling activities should have been expensed out in the period incurred. This adjustment should have been applied retrospectively and would have resulted to restatement of prior year financial statements. A restatement would have impacted interest expense, cost of real estate sales, provision for deferred income tax, real estate inventories, deferred tax liability and opening balance of deficit.

Audited Financial Statements and Interim Financial Statements

There were no disagreements with the former and present accountants and auditors on any matter of accounting and financial disclosures.

NATURE AND SCOPE OF BUSINESS OF THE REGISTRANT

The Company was incorporated on May 30, 1983 as “Philippine Cocoa Estates Corporation” under Securities and Exchange Commission (SEC) Registration No. 11297, with an authorized capital stock of

only P1 million. Its primary purpose was to engage in all phases of agriculture. On February 29, 1984 its authorized capital stock was increased to P140 million. In November of that same year, the Company became a publicly listed company.

In 1987, the SEC approved two increases in the authorized capital stock of the Company: the first one on May 8 raising the capital to P180 million; and the second one on October 22, raising it further to P300 million.

In 1996, The Wellex Group, Inc. gained majority control of the Company and revamped its management. The new management opted for a change in business focus from agriculture to real estate, with the corporate vision of becoming a world-class real estate developer utilizing state-of-the-art design and technology to build projects with the highest quality and value.

To align the Company to this new corporate vision, management applied with the SEC for approval to carry out certain strategic corporate changes. Thus, on May 16, 1996, the SEC approved the proposed changes, namely: (a.) The change in the primary purpose clause from agriculture to the business of holding and developing real estate; (b.) The change in the corporate name to reflect the new business focus; (c.) The removal of the Class “A” and Class “B” classification of the Company’s shares; and (d.) The change in the par value of the shares from PhP10.00 to PhP1.00 per share.

Towards achieving its corporate vision, the Company filed an application to increase its authorized capital stock from PhP300 Million to PhP5 Billion. Out of this increase of PhP4.7 Billion, the amount of PhP1,194,333,800.00 was subscribed and paid up by five (5) corporate investors. The principal part of the subscription was paid up by way of transfers to the Company of forty five (45) parcels of land valued at PhP1,161,833,800.00, while a smaller portion of the subscription, amounting to PhP32,500,000.00 was paid through conversion of debt into equity. The increase in authorized capital stock was approved by the SEC on March 26, 1997.

(2) Business Issuer:

With the acquisition of real properties by virtue of its agreement with Rexlon Realty Group, Inc., Recovery Real Estate Corporation, Ropeman International Corporation, The Wellex Group, Inc. and Pacific Rehouse Corporation, the Company immediately conducted a study to determine the “highest and best use” of its real estate holdings for the purpose of enhancing their value and maximizing the returns to the stockholders. Based on the study conducted, the following are the projects were undertaken by the Company:

COMPLETED PROJECTS:

1. *Pearl of the Orient Tower.*

A 42-storey office-residential-recreational condominium tower in Roxas Boulevard, Manila.

2. *Metrotech Industrial Park Valenzuela (formerly; Plastic City Industrial Park).*

A 30-hectare, modern industrial park in the booming city of Valenzuela.

3. *Pacific Grand Villas Phase 1.*

The first phase of the successful Mediterranean-inspired residential community in the highly urbanized city of Lapu-lapu, Cebu.

4. *Pacific Grand Villas Phase II.*

The second completed project in Lapu-lapu City, Cebu, with bigger lot cuts than Phase 1 and new house models.

5. *Pacific Grand Villas Phase III.*

The third in the series of thriving Pacific Grand Villas communities in Lapu-lapu City, Cebu.

6. *Chateaux Geneva.*

A 10-hectare Swiss-Victorian themed community in the prime district of Jaro, Iloilo City.

7. *Pacific Grand Villas Phase IV-A & B.*

Phase 4 of Pacific Grand Villas features some 356 prime residential lot units. In this project we introduced at least four more new house models to satisfy the evolving demands of the market. This project caters also to an international blend of buyers, just like the earlier phases, making Pacific Grand Villas an international community that meets global standards and lifestyle. The project is almost sold out.

8. *Pacific Grand Townhomes Phase 1*

Pacific Grand Townhomes is a middle-class Victorian-themed townhouse project located in Lapu-Lapu City. It boasts of the exclusivity of a pocket community, consisting of only 43 units of elegantly designed houses. This stylish community is proximate to private and public institutions, recreational areas, schools, resorts, business and trade centers. It is right across the site where Wellford Residences – Mactan will rise.

ONGOING / CURRENT PROJECTS:

• ***Costa Smeralda***

The second of our exclusive residential communities in Iloilo City, Costa Smeralda is themed after the famed Italian coastal resorts. Offering 395 units, we introduced in this village for trendy yet sophisticated house designs of varying floor areas, blending form and function to perfectly suit the requirements of discriminating buyers. Inventory in this development is almost exhausted as well.

• ***Wellford Homes @ Jaro Grand Estates (Phase 3) – Parcel A***

This project is our third residential community in Iloilo City. The house and lot packages are mainly designed for homebuyers inclined for economy, maximizing value for money. Consisting of about 1.7 hectares, the initial offering is an American inspired two bungalow-type house model. These single-level houses are very much suited also for senior citizens and retirees. The project was launched in November 2016, with the land development and house construction almost completed.

• ***Wellford Homes – Malolos***

Wellford Homes is a residential development with an area of approximately 6.7 hectares located in Barangay Longos, Malolos City, Bulacan. This horizontal development is American inspired.

Housing design reflects the suburban feel with the American ambiance reflected even in the design of the community facilities and amenities. The subdivision is designed to provide generous areas for roads and open spaces, which accounts for nearly 42% of the total developable area. Based on the projections, the development will generate Php1.15 Billion gross revenues upon completion of the project. The Company was able to obtain HLURB's License to Sell early this 2020. The project has started land development and has commenced its selling activities.

PROJECT IN THE PIPELINE

1) *Wellford Homes @ Jaro Grand Estaes (Phase 3) – Parcel B*

In line with the Company's aim of expanding the existing American-inspired subdivision project Wellford Homes I located at Jaro, Iloilo, the Company is expected to launch Wellford Homes II (WHII) by 2020. WH II will have combined 326 units of House and Lot and Lots only. This project expansion covers an area of around 8.76 hectares. House-and-Lot packages have floor areas of 63 to 73 sq.m and Lots only have areas of at least 120 sq.m. The said expansion is expected to generate a projected Gross Revenue approximately Php1.0 Billion when completed. The Company has started its application for a License to Sell (LTS) with the HLURB.

2) *Wellford Residences - Mactan*

As the Company's answer to the housing backlog in the economic sector in the area, PHES launched Wellford Residences-Mactan. WR-Mactan is a two-tower medium rise condominium project in one of the Company's prime and highly accessible properties in Mactan, Cebu. Located in Barangay Suba-Basbas in the City of Lapu-Lapu, the project will offer around 180 condominium units and is expected to generate for the Company approximately P541M in 2nd quarter is being pushed to 2021.

3) *Pacific Grand Villas Phase 5*

A follow-up to the highly successful Pacific Grand Villas series in Lapu-Lapu City, Mactan, Cebu, Phase 5 is an expansion of the village with Modern Design theme. The master planned community will offer larger lot cuts and spacious houses. Situated in the main entrance avenue by the commercial area, prime sections of this phase will offer specially-designed home-buildings, which will be sold together with a luxurious housing component in this low density phase. The development is in its final evaluation.

4) *Jaro Grand Estates – South.*

Commercial-Institutional / Mixed-use estate strategically located just 3.3 kilometers away from Jaro Plaza, the Jaro Grand Estates (JGE) is a 100-hectare master-planned community near Iloilo City's major hubs, including colleges and universities, commercial and business areas, hospitals and government centers, air and sea ports. It integrates several land uses into a singular development. JGE is divided into 2 major 45 hectare enclaves: the JGE North, comprising of at least five themed residential villages, and the JGE-South that is planned for commercial mixed-use developments. When completed, the 40-hectare JGE-South is envisioned to feature its own commercial and restaurant strips, office and business centers, education area, and a hotel and tourist district.

- f. There have been no material events that happened subsequent to the interim period that needs disclosure herein.
- g. The Company is contingently liable for existing lawsuits and claims from third parties arising from the ordinary course of business. Management believes that the ultimate liability for the abovementioned lawsuits and claims, if any, would not be material in relation to the Financial Position and Operating Results of the company's operations.

Item 2. Management’s Discussion and Analysis of Financial Condition and Result of Operations.

1. Plan of Operation

Due to the lingering effects of the pandemic brought about by Covid-19, completion of the site development works for Phase 4 of Pacific Grand Villas in Cebu, Wellford Homes Jaro – Parcel A in Iloilo, and a portion of Phase 1 of Wellford Homes Malolos in Bulacan, have been slightly delayed, although the Company will still deliver the said items before the end of 2020.

The Company is still in the midst of completing numerous houses for turnover to buyers. These include several rows of townhouses in Pacific Grand Townhomes, single detached units in Pacific Grand Villas and Costa Smeralda, and duplex units in Wellford Homes Jaro. Construction of these units were temporarily halted due to government imposed lockdowns and quarantine measures in its fight against the spread of Covid-19.

Because of the strict rules that have now been imposed before private construction works can be undertaken, the Company has increased its efforts to search for more qualified contractors who can comply with the said rules and who have ready access to the necessary supplies and materials. This is in line with the need to award additional houses for construction for several buyers who have already qualified to have their units built. Furthermore, in order to assist the marketing efforts in Wellford Homes Malolos, the Company aims to construct the townhouse model units by December 2020, aside from the landscaped main entrance.

In the same light, start of construction of the first tower of Wellford Residences – Mactan has been deferred to the 2nd quarter of 2021. The first tower, also referred to as Madison, will have 80 condominium units and is expected to be completed by the 3rd quarter of 2022.

With the launch of Wellford Homes Malolos, the Company will be able to augment its dwindling inventory to support its sales target for this year till the next three years. Further to this, the Company is currently finalizing the plans for 2 new residential house and lot projects, one in Cebu and the other in Iloilo. The aim of the Company is to be able to start the acquisition of the necessary permits for the two projects before December 2020.

To support its liquidity, the Company is offering attractive and flexible payment terms to its buyers and has also accredited new contractors that can deliver units faster so as to expedite collection of loan proceeds from partner institutions. Pre-selling of its units and CTS Financing are being explored to fund its projects especially for its newly launched projects.

The Company continues to develop and generate cash flow through the following projects:

- ***Pacific Grand Villas Phase IV-A & B***

Phase 4 of Pacific Grand Villas features some 356 prime residential lot units. In this project we introduced at least four more new house models to satisfy the evolving demands of the market. This project caters also to an international blend of buyers, just like the earlier phases, making Pacific Grand Villas an international community that meets global standards and lifestyle. The project is almost sold out.

- ***Pacific Grand Townhomes Phase 1***

Pacific Grand Townhomes is a middle-class Victorian-themed townhouse project located in Lapu-Lapu City. It boasts of the exclusivity of a pocket community, consisting of only 43 units of elegantly designed houses. This stylish community is proximate to private and

public institutions, recreational areas, schools, resorts, business and trade centers. It is right across the site where Wellford Residences – Mactan will rise.

- ***Costa Smeralda.***

The second of our exclusive residential communities in Iloilo City, Costa Smeralda is themed after the famed Italian coastal resorts. Offering 395 units, we introduced in this village for trendy yet sophisticated house designs of varying floor areas, blending form and function to perfectly suit the requirements of discriminating buyers. Inventory in this development is almost exhausted as well.

- ***Wellford Homes @ Jaro Grand Estates (Phase 3) – Parcel A***

This project is our third residential community in Iloilo City. The house and lot packages are mainly designed for homebuyers inclined for economy, maximizing value for money. Consisting of about 1.7 hectares, the initial offering is an American inspired two bungalow- type house model. These single-level houses are very much suited also for senior citizens and retirees. The project was launched in November 2016, with the land development and house construction almost completed

- ***Wellford Homes - Malolos***

Wellford Homes is a residential development with an area of approximately 6.7 hectares located in Barangay Longos, Malolos City, Bulacan. This horizontal development is American inspired. Housing design reflects the suburban feel with the American ambiance reflected even in the design of the community facilities and amenities. The subdivision is designed to provide generous areas for roads and open spaces, which accounts for nearly 42% of the total developable area. Based on the projections, the development will generate Php1.15 Billion gross revenues upon completion of the project. The Company was able to obtain HLURB's License to Sell early this year. The project has started land development and has commenced its selling activities.

2. Financial Position

The Company maintained its Financial Position as its total assets stood at P1.64B. Current ratio registered at 2.90:1. Current assets reached P0.98B while current liabilities amounted only to P0.34B. Debt –to- equity ratio stood at 0.52:1 The Balance Sheet shows that accounts are indicators of positive liquidity condition. Hereunder are the significant or material changes in the Balance Sheet accounts as of June 30, 2020.

Causes for material changes (5% or more) from period to period:

- a. Cash – the increase of 202.10% was basically attributable to improved collection on sales and proceeds of loans from Luzon Development Bank.
- b. Real Estates Inventories – the increase of 8.07% was due to additional cost incurred for project development for Wellford Homes - Malolos.
- c. Prepayments and Other Assets – the decrease of -6.36% was due to application of input VAT against output VAT payable for the period.

- d. Accounts Payable and Other Liabilities – the increase of 33.22% was due to increase in payable to suppliers on credit terms.
- e. Borrowings - the increase of 25.17% was the result of loan availed from Luzon Development Bank.
- f. Customers Deposits – the increase of 39.91% was due to an increase in reservation fees for the quarter.
- g. Retention payable and refundable bonds – the increase of 8.17% pertains to the 10% retained payment of each progress billing of contractors to be paid until full completion of the contract of on-going projects.

3. Result of Operations

For the 2Q 2020, the Company was able to post consolidated net sales of ₱ 27.78M thus registering a decreased by ₱20.32M or -42.25% compared to the Sales for the same period in 2019 of ₱ 48.10M.

- d.Working Capital – The Company’s ability to meet obligations is measured by determining Current Assets over Current Liabilities. Working Capital turnover is calculated by dividing Sales over Average Net Working Capital.

Variance Analysis – Another tool that measures efficiency on how the actual sales were obtained via a vis forecasted sales.

<u>INDICATOR</u>	<u>Q2 2020</u>	<u>Q2 2019</u>
Return on sales	8.37%	9.99%
Past due ratio	14.00%	6.00%
Gross Profit rate	62.46%	59.07%
Working Capital Turnover	0.04	0.05

4. Other Notes to 2Q 2020 Operations and Financials:

Analysis of material events and uncertainties known to management that would address the past and would have an impact on future operations:

- **Any known trends, demands, commitments, events or uncertainties that will have an impact on the issuer's liquidity;**

At present, the uncertainty that may have a material impact on sales is the economic situation. The seemingly improving economic situation has already translated into a significant buying mood for the real estate market. Overall, there are no contingencies that may affect future operations of the Company. In such eventuality, the resolution of this is dependent to a large extent, on the efficacy of the fiscal measures and other actions.

- **Any event that will trigger direct or contingent financial obligation that is material to the company, including any default or acceleration of an obligation;**

The Company sees no event that will trigger direct or contingent financial obligation that is material to the Company.

- **All material off-balance sheet transactions, arrangements, obligations (including contingent obligations), and other relationships of the company with unconsolidated entities or other persons created during the reported period.**

There were no material off-balance sheet transactions, agreements, obligations, (including contingent obligations), and other relationships of the Company with unconsolidated entities or other persons created during the reported period.

- **Any material commitments for capital expenditures, the general purpose of such commitments and expected sources of funds of such expenditures.**

There were no material commitments for capital expenditures except those arising from the ordinary project development requirements. These are well within the regular cash flow budget coming from internally generated funds and short-term borrowings from banks and other financial institutions.

- **Seasonal aspects that had a material effect on the financial condition or results of operation.**

Projects are launched at no particular time of the year depending on several factors such as completion of plans and permits and appropriate timing in terms of market condition and strategies. Development and construction works follow.

- **Internal and external sources of liquidity**

Collections from selling activities provide liquidity. Externally, the Company avails of credit lines offered by banks and other financial institutions, private or government. The Company periodically reviews its capital structure and existing obligations.

Compliance with Leading Practice on Corporate Governance

The Company has adopted the Manual of Corporate Governance and full compliance with the same has been made since the adoption of the Manual.

The Company is taking further steps to enhance adherence to principles and practices of good corporate governance. Among these are as follows:

- Organizational and Procedural Controls
- Independent Audit Mechanism
- Regular Reporting to Audit Committee

- Creation of Board Committees
- Financial and Operational Reporting
- Compliance to Government Regulatory and Reportorial Requirements
- Disclosure of Transparency to the Public

There was no deviation committed by any of the Company's directors and/or officers on the Manual of Corporate Governance during the period covered in this report.
